2 BILL: Enron, this is Bill.

3 TOM: Hi Bill, Tom, PX.

4 BILL: Yeah.

5 TOM: Say, I've got a tag here for one of your schedules at Palo Verde Devers?

6 BILL: Yeah?

7 TOM: It's for EPMI on PX 20, 27? And the tag is 80, 63. I'm just –

8 BILL: Is this for right now?

9 TOM: Yeah, it's for today. Hour ending –

10 BILL: Mm hm. Five megawatt schedule?

11 TOM: Five megawatts? Yeah. Is that coming from Palo Verde?

12 BILL: That's coming from El Paso Electric at Palo Verde, yes.

13 TOM: At Palo Verde?

14 BILL: Uh huh.

15 TOM: OK. Thank you.

16 BILL: You're welcome.

17 =====

18 BILL: Enron, this is Bill.

19 PERSON 2: Yes sir, it's El Paso.

20 BILL: Yeah.

21 PERSON 2: What are we gonna do with ID?

22 BILL: Well Double ID's gonna go down to a 115 and I guess we'll, uh – we'll, uh, take
23 'em there.

24 PERSON 2: One one five, huh. [inaudible] OK, sending five. [inaudible] five – that's 25
25 megawatts.

26 BILL: Yeah.

27 PERSON 2: And then, uh, the CISO is going to a 125?

28 BILL: Uh, that's correct.

1 PERSON 2: [*speaking to himself*] 65. [*break in recording*] 40 megawatts out, right?
2 BILL: Mm hm.
3 PERSON 2: Yeah, maybe I can take Copper then off.
4 BILL: That's what I was thinking.
5 PERSON 2: You know things change in this kind of business, man.
6 BILL: [*laughs*]
7 PERSON 2: From one hour to the other, right?
8 BILL: That's for sure, they definitely do, especially with Boulder Steel.
9 PERSON 2: And then, uh, what else do we have? That's it, no?
10 BILL: That's it. I'm gonna – I'd like to just start winding the plants down so –
11 PERSON 2: Yeah.
12 BILL: -- take the Copper off – uh, Tony wants us to take the steamer off tonight too,
13 but I don't think that's gonna happen.
14 PERSON 2: I think he's out of his mind, but you know – [*laughs*]
15 BILL: Well, you know, I don't know.
16 PERSON 2: Well, we'll look at it –
17 BILL: I – I don't think we'll get there.
18 PERSON 2: I don't think so either, man. You take the steamer out and –
19 BILL: Then we have nothing to swing with.
20 PERSON 2: That's right and uh, you know, we got no – we gotta have three units too,
21 you know.
22 BILL: [*laughs*]
23 PERSON 2: What's wrong with Tony? I think he's losing it, man.
24 BILL: [*laughs*] I don't know. I do not know.
25 PERSON 2: That's not being reliable.
26 BILL: Tomorrow's gonna be a fun day, though.
27 PERSON 2: I'm glad I'm not gonna be here.
28 BILL: Yeah, me too, I'm glad I'm sleeping.

1 PERSON 2: You got that right. What else do we look at, uh, that's it right?

2 BILL: That's all we got.

3 PERSON 2: All righty. I sure appreciate it.

4 BILL: All right. We'll talk to you later.

5 PERSON 2: Bye.

6 BILL: Bye.
