18 TONI: At 240?

19 LEAF: 240.

20 TONI: And then the amount this hour went to 90 megawatts, same price.

21 LEAF: 90 megawatts at 240.

22 TONI: Next hour they're going to be at 70, same price.

23 LEAF: All right, ah, you might want to press them a little bit on that.

24 TONI: Ah, is prices coming up again?

25 LEAF: Ah, I – I sold them those ten megawatts for 350.

26 TONI: Three five 'O'?

27 LEAF: Yep.

28 TONI: Good deal!

1 LEAF: But those are ah –
2 TONI: Firm?
3 LEAF: Firm, so I don't know if you – you might be able to milk it a little bit more.
4 TONI: Yeah, I know they're pushin' it into California.
5 LEAF: *[inaudible]*

13 TONI: OK, on this parking deal -- ?
14 LEAF: Uh huh.
15 TONI: You told me to include those 3 megawatts in the deal that we got with LA?
16 LEAF: Yeah. Those, ah – I apologize about not telling you about that earlier. Like the 98
17 was originally a 95 –
18 TONI: I was – no wonder! I was looking at 98 and I go damn what is that 98?

23 PERSON 2: Hello, this is ISO.
24 LEAF: Hello
25 PERSON 2: Hi, I just got some energy from you for – at Mead.
26 LEAF: Uh huh.
27 PERSON 2: I got 25 megawatts and Nevada's telling Western that it's 30.
28 LEAF: 30. OK, I will talk to the man in charge.

1 PERSON 2: OK. Thanks.

8 when I ran my numbers, so I didn't include those 3 megawatts.
9 LEAF: Oh, you didn't?
10 TONI: Like the 110.
11 LEAF: All right.
12 TONI: It was only El Paso and the 100 El Paso, 90 El Paso.

14 TONI: Oh, you sold the 110, you included it -- ?
15 LEAF: Yeah, for – I mean, yeah, it was in there. But –
16 TONI: OK, well, I'll – I'll break it out, but in the – in the – in the future, yeah, we need to
17 keep it completely separate.
18 LEAF: All right. Will do.
19 TONI: Because for – for us to cost it now is going to be a little more convoluted.
20 LEAF: Just one second.
21 *[pause]*
22 LEAF: Will do. OK, yeah, so, ah, where's the – in the scrape here, where's the ten
23 megawatts going to LA firm?
24 TONI: OK, that doesn't start till next hour.
25 LEAF: My – *[laughing]* my apologies.
26 TONI: That's all right.
27 LEAF: That's – that's hour ending 12. OK, um –
28 TONI: See like that – the ten megawatts, I'm taking out of my sy – I'm – I'm – I'm not –

1 it's – it's going to be like a separate deal.
2 LEAF: Yeah, OK. Good deal.
3 TONI: You're going to see ten megawatts there firm and then you're going to see whatever
4 I'm doing with LA separately.
5 LEAF: All right. Sounds good.
6 TONI: I think that's it, guy.
7 LEAF: all right. Thanks a lot.
8 TONI: All right.
