

1 **15-20000805-13261018-13333256 (7:33)**
2 *[dialing/ ringing]*
3 JOHN: Hello?
4 PERSON 2: Hello?
5 MALLORY: Is John there?
6 JOHN: This is John.
7 MALLORY: Hey, John this is Mallory.
8 JOHN: Hey, Mallory. What's goin' on?
9 MALLORY: Not a lot, what's goin' on with you?
10 JOHN: Oh, nothin'.
11 MALLORY: Uh, I was callin' on this "Su-geer-o" or whatever the heck it is.
12 JOHN: Saguaro.
13 MALLORY: Yeah, the path on that?
14 JOHN: Uh huh.
15 MALLORY: Somebody's sayin' it's the same as LV?
16 JOHN: Yeah.
17 MALLORY: Do I need to purchase transmission for 'em them?
18 JOHN: Um, what got, what got uh –
19 MALLORY: 3 hours is ten megawatts.
20 JOHN: What -- the last two, I hope.
21 MALLORY: 11 and 12, yeah.
22 JOHN: Oh, beautiful. OK, so uh, I'll tell you what, we will purchase the transmission,
23 and then real time we're takin' 13 through 22 in the hour ahead market.
24 MALLORY: Well I have to get – I have to have a number to tag it though, don't I?
25 JOHN: For the Oasis Number?
26 MALLORY: Yeah.
27 JOHN: Yeah, the, uh – who's on duty today? Ah, Holden?
28 MALLORY: Holden and, ah, Robin Hull??
29 JOHN: Holden and Robin Hull can request the transmission from 11 through 22.

1 MALLORY: OK. Do you want me to do it right now? 'Cause I have it --

2 JOHN: Yeah.

3 MALLORY: -- up, so.

4 JOHN: Yeah, and I need to talk to those guys about, uh, callin' the plant.

5 MALLORY: OK.

6 JOHN: Is that cool?

7 MALLORY: Yeah, let me make reservation. So its gonna be the hourly, non-firm,

8 point-to-point, full period fixed ancillary services?

9 JOHN: Exactly. The, ah, generator --

10 MALLORY: OK, [inaudible] power system to Mead?

11 JOHN: Um, yeah.

12 MALLORY: OK. The generator's what?

13 JOHN: Saguaro.

14 MALLORY: How do you spell that again?

15 JOHN: S-A-G-U-A-R-O -- obviously Saguaro.

16 MALLORY: [laughter] You want 11 through 22.

17 JOHN: Yeah. Now, will the I -- will the ISO squawk if we don't have that hour ahead

18 deal in now?

19 MALLORY: Hour ahead deal now ---

20 JOHN: 'Cause that tag, are they gonna make us do two tags? One for this two hours

21 going to PX and then another for those few hours goin' to the ISO?

22 MALLORY: No, no I don't -- I don't think they care, um, if you own more

23 transmission than you need.

24 JOHN: Yeah.

25 MALLORY: I think they only care if you don't own enough.

26 JOHN: OK.

27 MALLORY: So --

28 JOHN: OK.

29 MALLORY: [inaudible] and Nevada would be the only one who would care, I'd guess.

1 JOHN: Right.

2 MALLORY: And I don't think they would, would they?

3 JOHN: Uh, they might, just because we're takin' business away from them, but if they

4 object, then I'll sue 'em.

5 MALLORY: *[laughter]*

6 JOHN: 'Cause Nevada Marketing has this contract.

7 MALLORY: Oh really?

8 JOHN: Mm hm, and they said they didn't want it for the weekend, so – oh, well.

9 MALLORY: So, OK, 11 through 22, um you want 10 megawatts all hours?

10 JOHN: Yeah..

11 MALLORY: And the cost today with LV is a buck seventy on the off peak?

12 JOHN: Uh huh.

13 MALLORY: OK.

14 JOHN: Exactly.

15 MALLORY: Ancillary services are a dollar twenty again right?

16 JOHN: Yup.

17 MALLORY: *[mumble]* I don't even need to do a profile; it's the same every hour, right?

18 JOHN: Correct.

19 MALLORY: -- to submit --

20 JOHN: Submit to Lay.

21 MALLORY: Submit --

22 JOHN: And then real time needs to --

23 MALLORY: You need that number too, don't they?

24 JOHN: Yeah.

25 MALLORY: 13098 --

26 JOHN: And could you ask them pick up?

27 MALLORY: Yup.

28 JOHN: OK.

29 MALLORY: *[speaking to someone else]* *[break]* I take that back.

1 JOHN: What's that?

2 MALLORY: I was just foolin' Robin Hull - he's like, he's on Cal Tra - *[pause]* just

3 trying to find the line here -- you can't see it?

4 JOHN: Hello?

5 MALLORY: *[speaking to someone else - muffled]*

6 =====

7 BRIAN: Brian here.

8 FORNEY: Hey Brian, Forney.

9 BRIAN: Hey Forney.

10 FORNEY: Mallory, are you still on?

11 MALLORY: Yeah

12 FORNEY: Mallory is -- made a PX bid on the path of Saguaro --

13 BRIAN: Yes.

14 FORNEY: -- for tomorrow and two hours were accepted.

15 BRIAN: OK.

16 FORNEY: Can you write these down?

17 BRIAN: Yes.

18 FORNEY: Hours 11 and 12 were accepted.

19 BRIAN: OK.

20 FORNEY: 10 megawatts going to the PX.

21 BRIAN: Yes.

22 FORNEY: And then hours 13 through 22, we want to take to the ex poste by, um,

23 buying transmission - Mallory's buying transmission for all of that path 11 through 22 -

24 MALLORY: Here's your number Robin Hull

25 BRIAN: OK, I'm ready

26 MALLORY: It's 13098.

27 BRIAN: OK. So I'm gonna to take it to - I'm gonna take 10 megawatts to the ex

28 poste hours 13 to 22 on Sunday?

29 FORNEY: Correct.

1 BRIAN: And that's, uh – that's uh, on transmission that Mallory's gonna tell me
2 about?

3 FORNEY: Yeah, and Mallory's buying the transmission so you don't have to worry
4 about that--

5 MALLORY: Yeah, I bought – I bought your transmission –

6 BRIAN: That's Nevada?

7 MALLORY: -- so you have 13 to 22

8 BRIAN: OK

9 MALLORY: -- and the number's 13098.

10 BRIAN: OK. Uh, good. This should be easy.

11 FORNEY: Yeah, it – it should be, but I gotta give you a number.

12 BRIAN: I'm ready.

13 FORNEY: This is for the Saguaro control room.

14 BRIAN: OK.

15 [REDACTED]

16 FORNEY: We need to call them and tell them because, uh, they just thought that we
17 were gonna run 13 through 22 –

18 BRIAN: OK

19 FORNEY: -- and we just need to coordinate with 'em.

20 BRIAN: OK, uh, so we're starting two hours earlier than they expected?

21 FORNEY: Uh huh.

22 BRIAN: Gotcha. This is going in at what tie point?

23 FORNEY: Mead.

24 BRIAN: OK.

25 FORNEY: And it's an exact duplicate of the LV Co-gen deal.

26 BRIAN: OK.

27 FORNEY: Now I don't, off the top of my head, know what going on with LV Co-gen
28 for tomorrow.

29 BRIAN: Uh, that's not your problem. That's my job.

1 FORNEY: Yeah, OK, so is it PX?

2 MALLORY: Uh, it's some of each. They -- they get the morning hours PX --

3 FORNEY: OK

4 MALLORY: Um --

5 FORNEY: But that's gonna have to be requested as well, I guess, but --

6 MALLORY: I already got all that in.

7 FORNEY: Cool, and --

8 MALLORY: I didn't get his stuff -- but I didn't get -- I only got the transmission that I

9 needed.

10 FORNEY: OK, well Brian, you got the note about Nevada Power was complaining

11 that we're not -- [*simultaneous speaking*]

12 BRIAN: Yes --

13 FORNEY: -- [*inaudible*]

14 BRIAN: -- we have to schedule it on the computer and we have to call them and tell

15 them we're actually flowing it.

16 FORNEY: Yeah.

17 BRIAN: Yes.

18 FORNEY: Just overkill.

19 BRIAN: Yes.

20 FORNEY: OK. Well I appreciate you taking care of the Saguaro thing, it's the first

21 day of the new deal, so --

22 BRIAN: Yes.

23 FORNEY: -- I'll be checking in. It shouldn't be that big a deal because, you know, we

24 don't have to do it early or anything.

25 BRIAN: OK. We'll set it up, we'll call 'em once in a while and everything will run

26 great.

27 FORNEY: Grr-oovy.

28 BRIAN: OK

29 FORNEY: How's the post?

1 BRIAN: The post is fat.
2 FORNEY: Wow.
3 BRIAN: Ultra fat, it's 500's.
4 FORNEY: Yeah.
5 BRIAN: Um, Holden's over there scooping money into buckets.
6 FORNEY: He is?
7 BRIAN: He's pretty huge today.
8 FORNEY: What's Holden doing?
9 BRIAN: Uh, he's doing a lot of fucking supplementals.
10 FORNEY: Really?
11 BRIAN: A mighty lot of 'em.
12 FORNEY: With who?
13 BRIAN: Ah, he's taken some of E-Web's money and, um, he's taken some in for
14 TransAlta and I'm doing some importing with, a Fat Boy on El Paso. Do you know our
15 basis on that?
16 FORNEY: Um, it's supposed to be market, last I heard.
17 BRIAN: OK. I'm -- I see like three different notes saying three different things. One
18 of them is the cost of, uh, Copper.
19 FORNEY: That was from Geir on one day and it's from Fr -- um from [*simultaneous*
20 *speaking*]
21 BRIAN: OK. One of -- one of 'em is the daily PX close, the day ahead close of PX.
22 FORNEY: Oh, that can't be right. I'm not gonna do that.
23 BRIAN: Yeah, I don't wanna do that either. I'm thinking, wait --
24 FORNEY: We'll n -- we'll never do that.
25 BRIAN: Exactly. All right, so, it's -- it's rough market. OK.
26 FORNEY: Ta -- take rough market and, ah, if you'll leave me a note, I'll cover it and
27 cover it with 'em 'cause see the my problem is we get it somethin' established and
28 Roger'll come in and go "[*inaudible*] well I want this."
29 BRIAN: Right.

1 FORNEY: You know. or something totally bo – we never heard of.
2 BRIAN: OK.
3 FORNEY: So, sorry about the confusion.
4 BRIAN: I am selling some extra megawatts so I do have a good – good feel of the
5 market for each and every hour, so that'll help.
6 FORNEY: Great.
7 BRIAN: OK.
8 FORNEY: Just the time you're a trained killer, [REDACTED]
9 BRIAN: Yeah. Um, yeah.
10 FORNEY: [*inaudible*]
11 BRIAN: [*laughter*]. What about that? Who's my replacement? You got her yet?
12 [REDACTED]
13 FORNEY: I'm still lookin'. Uh, I got a guy that I'm, ah, real close to –
14 BRIAN: OK.
15 FORNEY: And, uh, another guy coming next week from, ah -- where's he coming
16 from? Um, either Ser -- Carolina or Chicago, I don't – I don't remember which.
17 [REDACTED]
18 BRIAN: Later.
19 FORNEY: Later on.
