

1 19-20010118-7144913-7194609 (4:56)
2 [dialing/ ringing]
3 GENE: This is Gene.
4 PERSON 2: Gene, buddy.
5 [REDACTED]
6 GENE: What's going on?
7 PERSON 2: Um, I've got that 25 megs flat at Yellow Tail.
8 GENE: Oh, OK. Uh --
9 PERSON 2: What do you need?
10 GENE: What is this, Friday and Saturday?
11 PERSON 2: Yeah.
12 GENE: Shit.
13 PERSON 2: You gonna be able to bring it over?
14 GENE: Yeah, no, I can't. That's what people have to understand. It's not like it's
15 PERSON 2: Oh yeah, I know.
16 GENE: -- just going to the Mid-C.
17 PERSON 2: Right.
18 GENE: I mean it's -- I can take it in though.
19 PERSON 2: Right.
20 GENE: At least I have room right now. That's just 'cause we're doing maintenance on
21 DJ's.
22 PERSON 2: OK.
23 GENE: We've been sloppin' 'em in and out.
24 PERSON 2: Fuckin' California.

1 GENE: I know. Can you believe this shit?
2 PERSON 2: Fuck.
3 GENE: Cuttin' schedules left and right.
4 PERSON 2: Fuckin' mess. Were they really?
5 GENE: Oh yeah. I mean --
6 PERSON 2: Real time?
7 GENE: Oh, what? Our preschedules are getting whacked all over to manage
8 congestion, I guess.
9 PERSON 2: Oh yeah, the Palo shit.
10 GENE: Palo, SP --
11 PERSON 2: Yeah --
12 GENE: NP --
13 PERSON 2: Yeah.
14 GENE: Shit, we got schedules that were, at Mid-C that people are apparently exporting
15 to us from NP --
16 PERSON 2: Yeah.
17 GENE: -- and they're getting cut and--
18 PERSON 2: Well, that's not us, we're not, we're doin' all the shit that, uh, we're -- we
19 don't export from the ISO anymore --
20 GENE: Yeah.
21 PERSON 2: -- and NP? We just export from like Redding --
22 GENE: Right. Right.
23 PERSON 2: -- and NCPA 'cause I don't think they can cut those.
24 GENE: Yeah.
25 PERSON 2: Legally, I don't think 'cause if I'm NCPA and I'm on a contractual hook --

1 GENE: Yeah.

2 PERSON 2: -- you know, for delivery, I'd be like, "Fuck you, man, you're not cuttin'
3 the schedule. I don't give a fuck."

4 GENE: Yeah. I'm -- here's what I'm looking at.

5 PERSON 2: OK.

6 GENE: I'm looking at, if -- it comes out to me to be about 235 flat --

7 PERSON 2: 235 flat.

8 GENE: -- it's not great, but that's about what I could do.

9 PERSON 2: OK.

10 GENE: You can take a look at it if you want.

11 PERSON 2: Yeah. OK, man.

12 GENE: OK.

13 PERSON 2: Thanks.

14 GENE: All right.

15 PERSON 2: I'll give you a call back.

16 GENE: You got it.

17 PERSON 2: Bye.
