2 [dialing/ ringing]
3 MIKE: Williams, this is Mike.
4 MATT: Mike, this is Matt Motley, how are you?
5 MIKE: Hey bubba, what's going on?
6 MATT: Not a lot. Q3, COB, off peak, South to North, I don't think we have any
7 interest. However, we would buy North/South at 245 if you have interest there.
8 MIKE: OK, um, let's see what -- ah, I don't know if I can get it North/South, I'll have
9 to check on it and I'll call you back, though.
10 MATT: OK. 'Cause the South to North is basically just buying NP15 for the most --
11 most part. It gets really tough right now for people to get you to, um, because to do the
12 ricochet, South/North and then the ricochet back North/South --
13 MIKE: Bonneville won't, um, uh --
14 MATT: Wont' allow it.
15 MIKE: -- they -- they won't allow you to do the flip flop. They used to do it.
16 MATT: Right.
17 MIKE: And a lot of people used to let you do it for about 50 cents?
18 MATT: Yeah.
19 MIKE: But that, um, uh, the paradigm has shifted --
20 MATT: Right.
21 MIKE: Um --
22 MATT: Right.
23 MIKE: Um, but we would if you, you know, if you could do North/South, we would do
24 that.
25 MATT: OK.
26 MIKE: Um, otherwise the South/North doesn't, uh, doesn't really fit us.
27 MATT: OK. Well let me work it and I'll call and let you know.
28 MIKE: Thanks a lot.

1 MATT: Thanks, bud.

2 MIKE: See you.
