

1 60-20000805-13302843-13350696 (4:38)

2 BRIAN: Brian here.

3 FORNEY: Hey Brian, Forney.

4 BRIAN: Hey Forney.

5 FORNEY: Mallory, are you still on?

6 MALLORY: Yeah

7 FORNEY: Mallory is -- made a PX bid on the path of Saguaro --

8 BRIAN: Yes.

9 FORNEY: -- for tomorrow and two hours were accepted.

10 BRIAN: OK.

11 FORNEY: Can you write these down?

12 BRIAN: Yes.

13 FORNEY: Hours 11 and 12 were accepted.

14 BRIAN: OK.

15 FORNEY: 10 megawatts going to the PX.

16 BRIAN: Yes.

17 FORNEY: And then hours 13 through 22, we want to take to the ex-poste by, um,

18 buying transmission -- Mallory's buying transmission for all of that path 11 through 22 --

19 MALLORY: Here's your number [*inaudible*]

20 BRIAN: OK, I'm ready

21 MALLORY: It's 13098.

22 BRIAN: OK. So I'm gonna to take it to -- I'm gonna take 10 megawatts to the ex-poste

23 hours 13 to 22 on Sunday?

24 FORNEY: Correct.

25 BRIAN: And that's, uh, that's uh, on transmission that Mallory's gonna tell me about?

26 FORNEY: Yeah, and Mallory's buying the transmission so you [*inaudible*] --

27 MALLORY: Yeah, I bought -- I bought your transmission --

28 [*simultaneous talking*]

1 MALLORY: -- so you have 13 to 22
2 BRIAN: OK
3 MALLORY: -- and the numbers 13098.
4 BRIAN: OK. Uh, good. This should be easy.
5 FORNEY: Yeah, it -- it should be, but I gotta give you a number.
6 BRIAN: I'm ready.
7 FORNEY: This is for the Saguaro control room.
8 [REDACTED]
9 FORNEY: We need to call them and tell them because, uh, they just thought we were
10 gonna run 13 through 22 --
11 BRIAN: OK
12 FORNEY: -- and we just need to coordinate with 'em.
13 BRIAN: OK, uh, so we're starting two hours earlier than they expected?
14 FORNEY: Uh huh.
15 BRIAN: Gotcha. This is going in at what tie point?
16 FORNEY: Mead.
17 BRIAN: OK.
18 FORNEY: And it's an exact duplicate of the LV Co-gen deal?
19 BRIAN: OK.
20 FORNEY: Now I don't, off the top of my head, know what going on with LV Co-gen
21 for tomorrow.
22 BRIAN: Uh, that's not your problem. That's my job.
23 FORNEY: Yeah, OK, so is it PX?
24 BRIAN: Uh, it's some of each. They -- they get the morning hours PX --
25 FORNEY: OK
26 BRIAN: Um --
27 FORNEY: But that's gonna have to be requested as well, I guess, but --
28 BRIAN: I already got all that in.

1 FORNEY: Cool, and –

2 BRIAN: I didn't get his stuff – but I didn't get -- I only got the transmission that I
3 needed.

4 FORNEY: OK, well Brian, you got the note about Nevada Power was complaining that
5 we're not – [*simultaneous speaking*]

6 BRIAN: Yes

7 FORNEY: -- [*inaudible*]

8 BRIAN: We have to schedule it on the computer and we have to call them and tell them
9 we're actually flowing it.

10 FORNEY: Yeah.

11 BRIAN: Yes.

12 FORNEY: Just overkill.

13 BRIAN: Yes.

14 FORNEY: OK. Well I appreciate you taking care of the Saguaro thing, it's the first day
15 of the new deal, so –

16 BRIAN: Yes.

17 FORNEY: -- I'll be checking in. It shouldn't be that big a deal because, you know, we
18 don't have [*inaudible*] do it early or anything.

19 BRIAN: OK. We'll set it up, we'll call 'em once in a while and everything will run great.

20 FORNEY: [*inaudible*]

21 BRIAN: OK

22 FORNEY: How's the post?

23 BRIAN: The post is fat.

24 FORNEY: Wow.

25 BRIAN: Ultra fat, it's 500's.

26 FORNEY: Yeah.

27 BRIAN: Um, Holden's over there scooping money into buckets.

28 FORNEY: He is?

1 BRIAN: He's pretty huge today.

2 FORNEY: What's Holden doing?

3 BRIAN: Uh, he's doing a lot of fucking supplementals.

4 FORNEY: Really?

5 BRIAN: A mighty lot of 'em.

6 FORNEY: With who?

7 BRIAN: Ah, he's taken some of E-Web's money and, um, he's taken some in for

8 TransAlta and I'm doing some importing with, a Fat Boy on El Paso. Do you know our

9 basis on that?

10 FORNEY: Um, it's supposed to be market, last I heard.

11 BRIAN: OK. I'm -- I see like three different notes saying three different things. One of

12 them is the cost of, uh, Copper.

13 FORNEY: That was from Geir on one day and it's from Fr -- um from [*simultaneous*

14 *speaking*]

15 BRIAN: OK. One of -- one of 'em is the daily PX close, the day ahead close of PX.

16 FORNEY: Oh, that can't be right. I'm not gonna do that.

17 BRIAN: Yeah, I don't wanna do that either. I'm thinking, wait --

18 FORNEY: We'll n -- we'll never do that.

19 BRIAN: Exactly. All right, so, it's -- it's rough market. OK.

20 FORNEY: Ta -- take rough market and, ah, if you'll leave me a note, I'll cover it and

21 cover it with 'em 'cause see the my problem is we get it somethin' established and

22 Roger'll come in and go "[...?...], well I want this."

23 BRIAN: Right.

24 FORNEY: You know. or something totally bo -- we never heard of.

25 BRIAN: OK.

26 FORNEY: So, sorry about the confusion.

27 BRIAN: I am selling some extra megawatts so I do have a good -- good feel of the

28 market for each and every hour, so that'll help.

1 FORNEY: Great.

2 BRIAN: OK.

3 FORNEY: Just the time you're a trained killer, you're [REDACTED].

4 BRIAN: Yeah. Um, yeah.

5 FORNEY: *[inaudible]*

6 BRIAN: *[laughter]*. What about that? Who's my replacement? You got her yet?

7 [REDACTED]

8 FORNEY: I'm still lookin'. Uh, I got a guy that I'm, ah, real close to –

9 BRIAN: OK.

10 FORNEY: And, uh, another guy coming next week from, ah -- where's he coming from?

11 Um, either Ser -- Carolina or Chicago, I don't – I don't remember which.

12 [REDACTED]

13 BRIAN: Have a fun Saturday.

14 FORNEY: I'm gonna do it.

15 BRIAN: Later.

16 FORNEY: Later on.
